Above tests comply with relevant British Standards & the Electricity at work Regulations.

The machine must not have been neglected; misused, modified or used for any other purpose other than that for which it was designed.

The machine must have been serviced by a Duplex' authorized engineer as recommended, including the first twelve months.

The warranty is invalidated if repairs are made by anyone other than a Duplex' authorised engineer.

The warranty would cease to be valid if ownership of the machine changes.

The warranty is invalidated if Hydroscale is not used in steam tanks.

Only chemicals recommended for this type of machine to be used.
